

Prevent rural fires on your property

DON'T BE COMPLACENT

Now's the time to get stuck in and reduce the fire risk at your place.

- Will your grass become a fire hazard? Keep it short.
- Clear back vegetation around all buildings.
- Ensure all fires are thoroughly extinguished.
- Don't start a fire you cannot stop.

The Canterbury Rural Fire Authorities urge everyone to be firewise this summer.

For rural fire emergencies - **DIAL 111**
